Objective

To obtain a challenging position in a reputed organization where I can apply my academic knowledge, enhance my skill, and contribute effectively to organizational growth while gaining valuable professional experience.

Education

- Indira Gandhi Institute of Technology, Sarang, B-Tech in Mechanical Engineering** Aug 2022 – May 2026
- CGPA: 7.06
- Parjang Higher Secondary School, Parjang, +2 Science** Aug 2020 – Jul 2022
- Percentage: 76%
- R.J.U Bidyapitha, Lodhani, 10th/ Equivalent** Jun 2018 – Jul 2020
- Percentage: 50.83%

Internships

SAIL, Rourkela Steel Plant, Odisha

- **Duration: 25th May, 2024 - 24th June, 2024**

Rourkela Steel Plant (RSP) is one of the largest integrated steel plants in India, operated by SAIL, producing a wide range of steel products with modernized facilities. During the internship, I gained knowledge of steel manufacturing processes, plant operations, and hybrid training modules covering mechanical maintenance and production systems. .

NTPC Limited, Talcher, Kaniha, Odisha

- **Duration: 5th May, 2025, 4th June, 2025**

NTPC Kaniha is one of India's largest coal-based thermal power plants. During the internship, I gained practical exposure to industrial training in thermal power generation processes. .

Projects

- **Design and Developement of Solar Powered Electic Tricycle** 2026
This project focuses on designing and developing a solar-powered electric tricycle that promotes eco-friendly and energy-efficient transportation.
- **Turbine System in Power Plant** 2025
The Turbine System in a power plant converts high-pressure steam or gas into mechanical energy, which drives the generator to produce electricity.

Certifications

- Catia V5 CTTC 27th Oct- 24th Nov 2025

Technical & Soft Skills

- **Technical Skills:** CATIA, MS OFFICE- Word, Excel, Power Point
- **Soft Skills:** -Team Work, Time Management, Leadership, Problem Solving, Good Listener
- **Language:** English, Hindi, Odia
